Do not write in this material. Do all the activities in your notebook.

Richmond

Santillana

MY VISUAL BOOK is designed to help you to revise the key concepts of Primary Natural Science 3.

Mind maps

Mind maps summarise the main concepts and show how different ideas are related. The pictures are clearly labelled with the key vocabulary.

Test yourself

Study the mind map and answer the **questions**. This will help you to clarify your ideas and test your knowledge.

Study tips

Improve your **study skills** and become responsible for your own learning.

Contents

1	We have healthy habits	4
